EXPERIENCE

ARCHITECTURAL DRAFTSPERSON WATTS COMMERCIAL
FURNITURE
May 2025 - Current

I prepare professional and precise drawing packages of the highest quality to be used for client presentations, shop drawings and site inspections. I am experienced in drafting floorplans, elevations, sections and technical drawings while maintaining professional standards. Not only do I provide excellent drawing standards, but I also conduct site measures for my own projects and assisting with other projects. While on site I am collaborating with architects, engineers and clients to align design direction and vision.

ARCHITECTURAL DRAFTSPERSON ROSS-SHIRE
ENGINEERING
Aug 2022 - Jan 2024

Produced high quality and professional drawing packages, 3D models and schedules for one the UK's leading water technologies companies. Collaborated with multiple engineering and construction disciplines to complete the company's first successful Autodesk Construction Cloud project. Enhanced my knowledge of drawing and modelling software such as AutoCAD, Revit and Civil 3D to be used in a professional setting.

SALES ASSISTANT NIKE
Aug 2024 – MAY 2025

I was responsible for providing outstanding customer service by greeting customers, understanding their needs, and offering correct product recommendations. I maintained a strong knowledge of products and promotions, ensuring I could guide customers through the latest collections. My duties also included organizing the store, managing product displays, and assisting with inventory.
